

# MILFORD PRIMARY SCHOOL

## FREEDOM OF INFORMATION SCHEME

### *Vision Statement*

‘Milford Primary is a community orientated school, centred around the children as individuals. We are committed to helping children work towards their potential as life long learners who care, share, respect and learn in a stimulating environment.’

### **Summer 2015**

## **This is Milford Primary School Publication Scheme on information available under the Freedom of Information Act 2000**

*The governing body is responsible for maintenance of this scheme.*

### **1. Introduction: what a publication scheme is and why it has been developed**

One of the aims of the Freedom of Information Act 2000 (which is referred to as FOIA in the rest of this document) is that public authorities, including all maintained schools, should be clear and proactive about the information they will make public.

To do this we must produce a publication scheme, setting out:

- *The classes of information which we publish or intend to publish;*
- *The manner in which the information will be published; and*
- *Whether the information is available free of charge or on payment.*

The scheme covers information already published and information which is to be published in the future. All information in our publication scheme is available in paper form from the school office.

Some information which we hold may not be made public, for example personal information.

This publication scheme conforms to the model scheme for schools approved by the Information Commissioner.

### **2. Aims and Objectives**

The school aims to:

- enable every child to fulfil their learning potential, with education that meets the needs each child,
- help every child develop the skills, knowledge and personal qualities needed for life and work,

and this publication scheme is a means of showing how we are pursuing these aims.

### **3. Categories of information published**

The publication scheme guides you to information which we currently publish (or have recently published) or which we will publish in the future. This is split into categories of information known as 'classes'. These are contained in section 6 of this scheme.

The classes of information that we undertake to make available are organised into four broad topic areas:

*School Prospectus* – information published in the school prospectus.

*Governors' Documents* – information published in the Governors Annual Report and in other governing body documents.

*Pupils & Curriculum* – information about policies that relate to pupils and the school curriculum.

*School Policies and other information related to the school* - information about policies that relate to the school in general.

Where there is a charge this will be indicated by a £ sign in the description box.

## 6. Classes of Information Currently Published

**School Prospectus** – this section sets out information published in the school prospectus.

From September 2012 regulations no longer require schools to publish a prospectus or have a curriculum policy, thus avoiding duplication of effort, and unnecessary cost. Instead, schools will be required to publish key information online. This will be: the school's Pupil Premium allocation, its use and impact on attainment; its curriculum by year and by subject; use and impact of sports funding, its admission arrangements; its policies on behaviour, charging, and SEN and disability: links to Ofsted reports; and details of, and links to performance data.

**Governors' Annual Report** – No longer required
