

MILFORD PRIMARY SCHOOL

FREEDOM OF INFORMATION SCHEME

Vision Statement

‘Milford School sits at the heart of the community, where all involved strive for excellence. Each child is supported in their learning journey and the fulfilment of individual potential.

Care, share, respect and learn

This is Milford Primary School Publication Scheme on information available under the Freedom of Information Act 2000

The governing body is responsible for maintenance of this scheme.

1. Introduction: what a publication scheme is and why it has been developed

One of the aims of the Freedom of Information Act 2000 (which is referred to as FOIA in the rest of this document) is that public authorities, including all maintained schools, should be clear and proactive about the information they will make public.

To do this, we must produce a publication scheme, setting out:

- The classes of information which we publish or intend to publish;
- The manner in which the information will be published; and
- Whether the information is available free of charge or on payment.

The scheme covers information already published and information which is to be published in the future. All information in our publication scheme is available in paper form from the school office.

Some information which we hold may not be made public, for example personal information.

This publication scheme conforms to the model scheme for schools approved by the Information Commissioner.

2. Aims and Objectives

The school aims to:

- enable every child to fulfil their learning potential, with education that meets the needs each child,
- help every child develop the skills, knowledge and personal qualities needed for life and work,

and this publication scheme is a means of showing how we are pursuing these aims.

3. Categories of information published

The publication scheme guides you to information which we currently publish (or have recently published) or which we will publish in the future. This is split into categories of information known as 'classes'. These are contained in section 6 of this scheme.

The classes of information that we undertake to make available are organised into four broad topic areas:

School Prospectus – information published in the school prospectus.

Governors' Documents – information published in the Governors Annual Report and in other governing body documents.

Pupils & Curriculum – information about policies that relate to pupils and the school curriculum.

School Policies and other information related to the school - information about policies that relate to the school in general.

4. How to request information

5. Paying for information

Single copies of information covered by this publication are provided free unless stated otherwise in section 6. If your request means that we have to do a lot of photocopying or printing, or pay a large postage charge, or is for a priced item such as some printed publications or videos we will let you know the cost before fulfilling your request. Where there is a charge, this will be indicated by a £ sign in the description box.

6. Classes of Information Currently Published

School Prospectus – this section sets out information published in the school prospectus.

From September 2012, regulations no longer require schools to publish a prospectus or have a curriculum policy, thus avoiding duplication of effort and unnecessary cost. Instead, schools will be required to publish key information online. This will be –

- the school’s Pupil Premium allocation, its use and impact on attainment;
- its curriculum by year and by subject;
- use and impact of sports funding,
- its admission arrangements;
- its policies on behaviour, charging, and SEN and disability;
- links to Ofsted reports; and
- details of, and links to performance data.

The Governors’ Annual Report is no longer required, but there should be a statement of the Governors’ Vision and Strategy for the school together with an Equalities Statement.
