Pounds and Pence

£3 and 25 pence

£3.25

£52 and 13 pence

£52.13

100p = £1

463p = £4.63

70p = £0.70

705p = £7.05

7p = £0.07

92p = £0.92

Ordering Money

We can compare or order amounts by changing all amounts to either pounds or pence.

£4.82 428p

$$£4.82 = 482p$$

$$482p > 428p$$

$$£4.82 > 428p$$

Order in ascending order:

516p

156p

£1.65

£6.51

$$£1.65 = 165p \text{ and } £6.51 = 651p$$

156p, £1.65, 516p, £6.51

Estimating Money

That's about £8.

That's about £4.

We can use estimates when calculating.

They are about £3 and £7 so will be about £10 in total.

They are about £4 and £3 so will be about £7 in total. I will have about £3 left.
